KINDERGARTEN

**REGISTRATION CONTINUES
THRU JANUARY 10th**

22 children with 2 teachers!

We want to remind you that the application deadline for our Kindergarten is January 10th. We have received 4 registrations as of this date.

Our Kindergarten promotes children's development and learning by remembering that 5 and 6 year olds learn best through hands-on, active involvement with real things. An academically rigorous curriculum is used where children learn through structured activities and through play freely choosing from a variety of learning centers around the classroom. They figure out how things work, interact with each other, try out new roles, experiment with their own ideas, build on their experiences, and solve real problems. Our classroom, with two teachers and an 11 to 1 student/teacher ratio, offers a balance of child directed and teacher directed activities to nurture and educate the whole child.
